How do I put money on my child's account

During the school year, you can send money to school with your child. Your child can hand their payment to the cashier during lunch service. **If paying by check, please write the student's full name on the check.** You may use the form at the bottom of this page, or have your student pick up a form at any cashier station. Cashiers will inform your child when their balance is running low.

How can I be sure my child is only buying lunch with the money I deposit? Unless you let us know otherwise, your child may use the money on his or her account to buy any item we sell. When using the payment form we provide be sure to check the box indicating how you want this money to be used. "Meals Only" means exactly that, the money you send in may ONLY be used to purchase a full meal.

My child is approved for free meals. Your child will have an account just like every other student in the school. He/She will need to identify himself at the cashier station with a pin number so the meal can be accounted for. You also may place money in his account for a la carte items, if you choose.

My child is approved for reduced meals. Your child will have an account just like every other student. We STRONGLY encourage you to place money in his/her account. He/She will need to identify herself with a pin number and \$.40 will be deducted from his/her account, or he/ she can pay \$.40 daily. If you do not want the money deposited to be used for snacks, be sure to check the "meals only" box on the form.

How much money may I deposit? You determine the amount that is right for you. There is no limit to the amount of money that can be deposited. We recommend that you deposit enough money for at least a month's meals or approximately \$50.00 to reduce paperwork and time for both you and the food service staff.
