Overview

The Middletown Public Schools Department of Pupil Services, in conjunction with the Middletown School Family Partnerships and the Middletown Parks and Recreation Department, is hosting an Unconference event for families of children with disabilities. This event is comprised of a collection of unstructured discussion sessions, where groups can share and exchange information.

Goals

1. Offer a space and time where families, community stakeholders, and school staff can exchange information through unstructured discussions around identified topics
2. To allow families, community stakeholders, and school staff to establish contacts for future communication and support
3. To gather anecdotal information about the strengths and needs of the partnerships between families, community stakeholders, and school staff for students with disabilities
