Visits to the Schools

In order to promote a safe and productive educational environment for all students and staff, the Board of Education requests all visitors to communicate with the principal or designee for availability prior to visiting.

Board of Education members who visit schools of their own volition have no more authority than any other citizen.

The Board of Education encourages visits by citizens, residents, and parents to all school buildings. The Board of Education, through the administration, reserves the right to limit visits in accordance with administrative regulations.

Upon arrival, all visitors must comply with Administration Regulation #1250a-c and any other applicable building security procedures, including but not limited to utilizing security buzzers for access, complying with requests for photo identification, reporting directly to and signing in and out at the visitors' reception area/main office of the school office, prominently displaying visitors' badges or other identification required for visitors to the school buildings, limiting access to those areas of the buildings and grounds for which the visitors have authorized access, and complying with directives of school officials at all times.
