

Michael T. Conner, Ed.D., Superintendent of Schools

November 27, 2018

Dear Middletown Public Schools Community,

The Middletown Board of Education and I invite you to attend the first of our 2018-2019 “Community Conversations” on Thursday, November 29, 2018, from 5:00pm to 7:00pm, at Cross Street AME Zion Church. The 2018 – 2019 “Community Conversation” series will be targeted at understanding **Middletown 2021: Keys to Innovation Strategic Operating Plan**. Major components of the strategic operating plan will be unwrapped at each community conversation during the academic year and we look forward to your feedback, participation, and ideas on advancing our collective goal of **unlocking the potential in ALL students**.

During the 2017 – 2018 Community Conversations series, your voices provided the foundational information from which our strategic operating plan was crafted. In fact, over 500 education and community stakeholders participated in one or more of the community conversation series.

I look forward to your input in order to deepen and strengthen the work needed to improve student achievement as we strive to make Middletown Public Schools the most *progressive education organization in Connecticut*.

Regards,

A handwritten signature in blue ink, appearing to read 'M. Conner', is written over a light blue horizontal line.

Michael T. Conner, Ed.D.  
Superintendent of Schools
