March 29, 2020

Dear Middletown Public Schools Family,

On Monday, March 30, 2020, we will officially launch the *MPS Enrichment and Engagement Learning Pathway* at Middletown Public Schools. I want to reassure everyone that even though this platform will be new for teachers and students alike, that we will grow together every day as a teaching and learning organization.

The soft launch this week will be a collection of experiences that will inform and improve our practice. At the end of each week we will reflect for improvement, engage in community feedback, and pivot where necessary as we continue to shape our new digital learning environment. As always, our primary goal is to *unlock the potential in ALL students*.

I feel strongly that as a community we are ready to experience this dynamic, innovative shift, and that the continuing collaboration between stakeholders – leaders, teachers, students, and community partners – will be the key to our success.

Thank you for your continuous support of Middletown Public Schools. Stay safe and stay well.

Sincerely,

Michael T. Conner, Ed. D.
Superintendent of Schools
